

POSTER GUIDELINES LIMES Congress

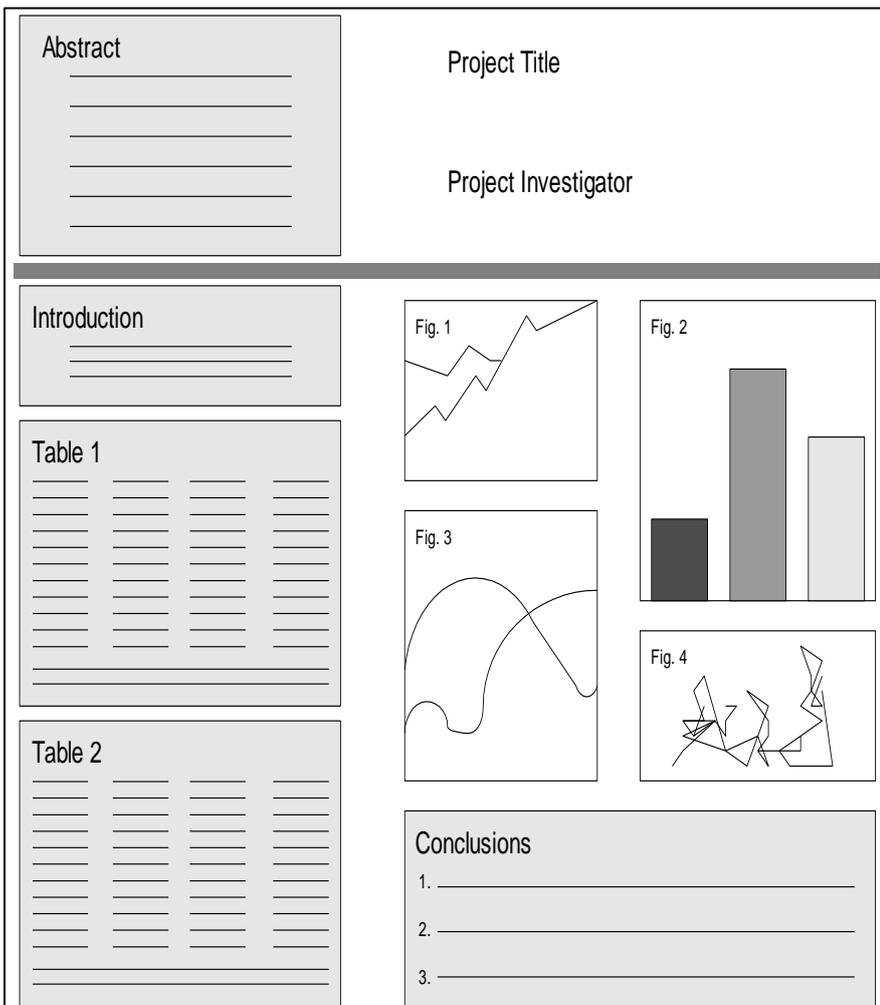

21-27 August 2022, Nijmegen, The Netherlands

Poster sessions are a valuable means of promoting discussion both within specific disciplines and across widely different research areas. A poster should be able to stand alone. A colleague should be able to determine the purpose, data, and significance of a project simply by looking at and reading the poster.

A clear title with the author's name, affiliation, address, and phone number is desirable, as well as an abstract in large bulletin type. Charts, drawings, and illustrations might well be similar to those one would use for journal articles, or in making slides; however, they should be be readable from a distance of several feet. It is best to keep illustrative material simple.

During the poster session, it may be useful for the author to have on hand a tablet of suitable sketch paper as well as felt markers for discussion purposes.

A suggested arrangement of a poster is illustrated below;

- Identify project by title, author name, affiliation, address, and phone number.
- Include an abstract that summarizes the project.
- Include useful figures, tables, schemes, equations, pictures, a pocket for handouts, etc. Text should be kept to a minimum.
- Use contrasting colors.
- Lettering should be a minimum of 24 points (3.5cm) so as to be readable from a distance of several feet.
- Please avoid commercialism in your poster. If you deliver a good technical poster, the marketing will go hand in hand.
- Please display your company's logo only once on the poster.

- The size of your poster should be A0 = 841 mm x 1189 mm, portrait style.

The poster needs to be designed, printed and mounted by the author. The posters can only be mounted using needle pins which will be provided onsite. All posters need to mount on Sunday, 21st of August from 9.00-13.00 hours. The Poster Session will be officially opened on Sunday, 21st of August 14.00 hours.

Dismantling needs to be done on Saturday, 27th of August from 8.00-17.00 hours. If your poster is not dismantled it will be removed by the LIMES Congress organization.

If you would like to print the poster onsite, we recommend, "Copycenter the Print" which is located 100 meters from the conference venue. For more information please e-mail: nijmegen@theprint.nl

Please do not hesitate to contact us if you have any questions at all.

We look forward to your participation!
